Adil W. Khan

Monmouth Junction, NJ| (732) 470-1853 | adil.w.khan05@gmail.com | LinkedIn | GitHub | Portfolio

EDUCATION

Rutgers University - New Brunswick — **New Brunswick, New Jersey**

B.S in Computer Science & Data Science; Minor in Economics — *Jun 2024 - May 2028*

- **GPA:** 4.00/4.00, *Dean's List x4, SAS Excellence Award Scholarship*
- **Related Coursework:** Data Structures, Design and Analysis of Computer Algorithms, Data Management for Data Science, Computer Architecture, Software Methodology, Statistical Inference for Data Science, Introduction to Data Science

SKILLS

Languages & Frameworks: Java, Python, R, SQL, JavaScript, HTML/CSS, FastAPI, Spring Boot, React.js, TensorFlow, Scikit-learn

Databases & Tools: Power BI**,** Pandas, NumPy, MySQL, MongoDB, Git, GitHub, Matplotlib, Postman

Technologies: Excel, Claude, OpenAI, Gemini, Copilot, Microsoft Office/365, Jupyter Notebook, Figma, WordPress

WORK EXPERIENCE

Fiserv — **Berkeley Heights, New Jersey**

Software Engineer Intern — *Jun 2026 - Aug 2026*

- Built a unified observability app utilizing **6+** enterprise monitoring tool's APIs to simplify server metadata retrieval
- Implemented async/await concurrency, reducing end-to-end runtime by **90%** while supporting parallel API requests
- Deployed a Docker CI/CD pipeline and integrated the application into Rundeck, enabling engineers to execute workflows through a centralized self-service interface.

Eagleton Institute of Politics — **New Brunswick, New Jersey**

Data Management Intern — *Jan 2026 - Aug 2026*

- Automated validation and updates for multi-year election databases using **R** and **Excel**, eliminating manual processes and saving **15+ hours** per dataset
- Supporting the **Young Elected Leaders Project** by maintaining accurate data to enable research on youth representation
- Partnering with **2** cross-functional teams to create clear data visualizations and **WordPress** content for broad audiences

Nexus Devops — **Remote**

Frontend Developer Intern — *Sep 2024 - Dec 2024*

- Shipped **10+** responsive **React** components for the marketing site and product by converting **Figma** designs to code
- Reduced implementation time by **15%** by introducing **reusable** components with clear usage docs and code examples
- Achieved a **20%** lift in UX/UI satisfaction by standardizing colors, spacing, and fonts and **publishing** a style guide

PROJECTS

House Price Prediction ML Model *(Python, Scikit-learn, TensorFlow, XGBoost)* — *Jul 2025 - Aug 2025*

- Developed a model **achieving 91.77% (R2) accuracy** in house price prediction, outperforming 6 other algorithms
- Improved prediction accuracy by **10%** via feature engineering and robust cross-validation on unseen data
- Translated model error into actionable pricing bands (**$25,122**), eliminating overconfident list/offer calls

AppTrack By Adil *(Java, Spring Boot, React.js, MySQL)* — *Apr 2025 - Jun 2025*

- Created an internship application tracker with **15+ RESTful API endpoints**, supporting complete CRUD operations
- Built **25+ responsive React** reusable components, achieving 100% compatibility across 3+ device breakpoints
- Leveraged LLMs to implement **JWT user authentication** system with secure refresh tokens and 3 auth endpoints

LEADERSHIP

Rutgers MSA - Ladders (Career Development Initiative) — **New Brunswick, New Jersey**

Logistics Team Member — *Aug 2025 - Present*

- Facilitated an externship program for **17 externs** with **7 organizations**, managing logistics, communication, and support
- Coordinated **5+** career development events connecting **300+** members with industry professionals and alumni
- Balanced many competing priorities under tight deadlines, strengthening leadership and time management skills
